REGIONALOGUE

Jonathan Dayton Regional High School

Springfield, New Jersey

FOREWORD

As the seasons change, so does life here at Regional. Autumn brings new faces to fill the halls of Regional . . . Winter, with its cool and brisk weather, presents a vivid new scope of interests . . . Spring becomes a combination of the old and the new, with the underclassmen acquainting themselves with the activities that the seniors will soon leave behind.

In the following pages we have set down for you the life of the students who are attending Jonathan Dayton Regional High School. We have tried to capture for you the awe of the freshmen, the anticipation of the sophomores, the enthusiasm of the juniors and the confidence of the seniors as they enter and leave these halls each day.

Our Man of the Year . . .

MR. ROGER RICHARDS

The Senior Class of 1957 has chosen to dedicate our yearbook to a man we all know well. We have selected him not only for his friendly smile and pleasant manner, but for his unlimited interest in our welfare. The Regional staff can never thank him enough for the tireless efforts he has spent in making the publication of the yearbook possible. His interest and concern in the student body can be honored in only a small way by this dedication. We cannot repay him enough for the encouragement and guidance he has given to us all.

He has given praise to many and set a fine example of what a student expects of a teacher. This is now our opportunity to return that praise.

Long Before Our Return, the Board Was Hard at Work

The governing body of Jonathan Dayton Regional High School is the Board of Education, which is constantly striving for the continued improvement of our school.

Through the years, as we progress from freshmen to seniors, we become increasing-

ly conscious of their untiring efforts, for we are surrounded by the results of what they have achieved.

When the first Regional school opened, twenty years ago, no one could envision the vast development of the six small towns making up the Regional district. An addition was added to the original building in 1953. The board soon realized that this could not accommodate the upcoming surge in population. In 1956, the Arthur L. Johnson Regional High School in Clark increased the number of Union County Regional High Schools to two. Still this could not satisfy the great need. An addition to the Clark building has been planned to accommodate 600 more students. A site has been purchased for another school in Berkeley Heights and preliminary plans for a fourth high school, to be situated in Kenilworth, have been started.

At the left are the members of the Board as they are found at one of their many midnight meetings.

In the Fall, we welcomed two new administrators

DR. WARREN M. DAVIS
Superintendent of Schools

When Regional's doors opened for another year last September, we found that a new administration had already been hard at work for several weeks, under the direction of Dr. Warren M. Davis, new superintendent of the Union County Regional High School district.

Dr. Davis brought to us the benefits of wide experience. A native of Ohio and recipient of a D. Ed. degree from Ohio State University, he has served education in many ways—as a teacher in a one-room schoolhouse, as science teacher, as department head, as high school principal, as director of secondary schools, and as assistant superintendent. Just before coming to Regional, Dr. Davis had been principal of North Plainfield High School.

DR. RANDOLF T. JACOBSEN
Principal

Dr. Randolph T. Jacobsen, our new principal, soon became an important part of life here at Regional. He was quick to show his enthusiastic interest in the activities of the school and was always on hand for sports events and other after-hours affairs. Throughout the year he proved to be always willing to guide us and to aid us in solving our problems.

Dr. Jacobsen holds the Doctor of Education degree from Rutgers University, where he also obtained his M. Ed. His undergraduate college work was done at Dickinson College. Before coming here Dr. Jacobsen was at Somerville High School for about twenty years and was principal for the last eleven.

Classes change and once again the halls are buzzing with noisy activity. But, what's wrong with this picture? It's definitely not typical—no boys!

Here for everyone to see is a sign of the honors we have won, for everything from apple-picking to public speaking. Each one carries with it great memories in the life of Regional.

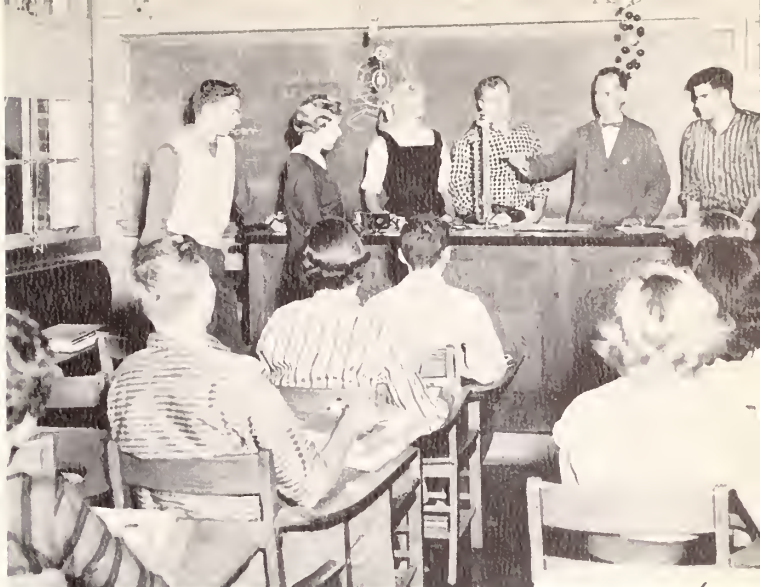

In the Fall, We Returned to

9:00, first period's begun. But wait a minute—what's this? At Back-to-School Night our parents were given a chance to attend our classes and meet our teachers. They found it difficult to get to six minute classes with only five minutes between.

For the first time in many years, the Jonathan Dayton Chapter of the National Honor Society held a formal induction ceremony, at which nine surprised seniors were made members.

Chem class is the door to a new and interesting world of the hows and whys of science, highlighted by such things as the odor of hydrogen sulfide—1 valences, and bunsen burners.

Mrs. Hahn, is twenty-one errors over three words per minute a passing grade?

A thrilling Thanksgiving Day upset—in which Regional convincingly upset a State Championship Rahway rival by a 19-14 score—provided an exciting climax to what had been mainly a re-building year in football. Under head coach Mike Suchena, the Bulldogs showed considerable progress during the course of the season. Since many lettermen will be on hand next fall, the future looks good for next year's Bulldogs who will be toughened by gruelling practices and rough games throughout this season. The final 1956 record, showing one win and eight losses, was as follows:

WINTER

Winter Brought an Unending

Regional's practical arts courses, like this sewing class, offer students the chance to become proficient in many important skills.

*Have you ever seen them so empty?
... Wait till the bell rings!*

*All eyes toward Paris, the center
of French culture!*

Variety of Activities

We added two new trophies to our collection: John Saxton, a junior, won first place in the statewide Poetry Reading Contest sponsored by Rutgers University, and in the Voice of Democracy Contest Marcia Tamaroff, a senior, won the Irvington Junior Chamber of Commerce plaque for her essay, "I Speak for Democracy."

Young Koo Le's and Sara Chatt's visit in our school was both an honor and pleasure. Many of us became quite friendly with them and have learned a great deal about their respective countries, Korea and Great Britain. They were the guests of two Regional juniors, Bob Keith of Springfield, and Nancy Walker of Mountainside.

Why so glum? Who wouldn't be after first period on Monday morning?

Winter's Highlight —

*"Many thanks for your cooperation, Mrs. Hahn"
President Jim Raymond's thought from us all.*

Now both feet and shoes are comfortable!

Camera trouble, Steve?

Our Senior Ball!

This year's Senior Ball—held on Saturday evening, December 15th—revolved around a "Winter Wonderland" theme. The decorations were predominately blue and white, set off by a sparkling white Christmas tree in the center of the floor. Music by Ray Masters' Orchestra added to the gaiety of the evening.

Our sparkling center of attraction!

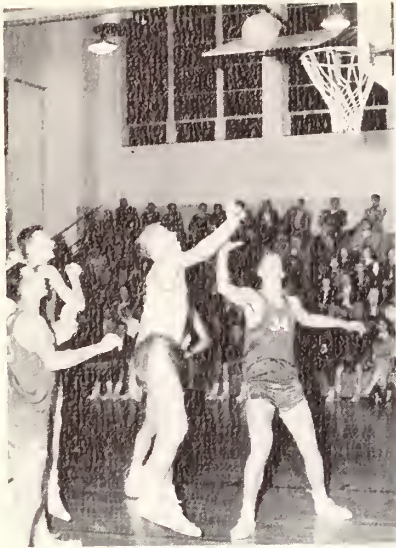

Dancers and conversationalists mix well!

Receiving line — Now it wasn't really that bad, was it?

Basketball Provided Plenty

Rychlik hopes that what goes up must come down — even though it doesn't look as though it will.

Watkins gives us heart failure.

He flies through the air with the greatest of ease—Benner scores with a breeze!

of Action All Winter

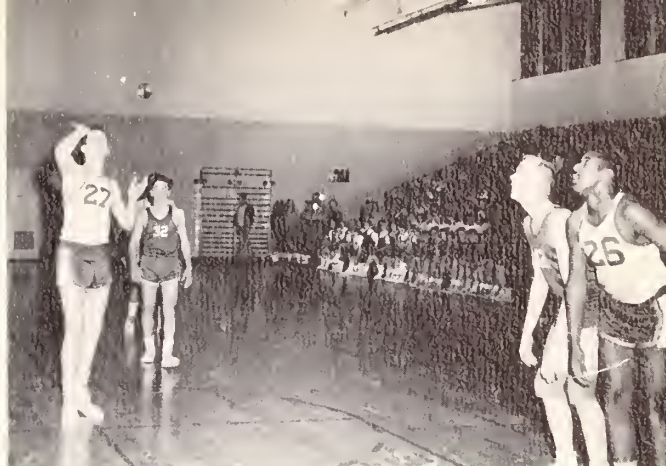

Hit heavily by graduation last year, the basketball squad was seriously handicapped in the 1956-57 campaign by a lack of experience. Although the boys won just one game, they gave a good account of themselves throughout the season, losing many contests by five points or less. Their smooth play late in the year, especially against Rahway and in the State Tournament game with Caldwell, gave Regional followers reason to be hopeful for a better record next year.

Jerry's battle scars receive attention from the coach.

The 1956-57 wrestling team, under a new head coach, Herb Palmer, turned in a record of three wins and seven losses. Outstanding individual performances were given by Jerry Vinella and Fred Rica, both of whom advanced to the finals of the District Tournament. Vinella, our heavy-weight, won nine matches and tied one, while Rica, at 168 lbs., won nine and lost one.

One step behind the Seniors in school leadership is a Junior Class that has made a place for itself. Under President Bobby Keith the Juniors sponsored many activities. They conducted a paper drive and sold ball-point pens to help pay for their Junior Prom. The Prom, the big dance of the year, was especially outstanding with its "Shangri-La" theme. Juniors were also fortunate in playing host to the two foreign students who visited

Command of Things During Winter

us for two weeks. This class was also well represented in both varsity and junior varsity sports. Other officers were Vice-President, Diane Fitzsimmons; and Secretary-Treasurer, Mary Ellen Patrick. With their two advisers, Miss Belarski and Mr. Rothbard, the Junior Class has played an important part in school spirit here at Regional.

SPRING

Not Even Spring Fever Could Keep

*All the world's a stage . . .
A Speech and Dramatics class
watches a demonstration of
poise before a group.*

*It's probably a "bit late for
breakfast and a little too early
for lunch," but who cares?
Those cupcakes look good.*

*Hard at work on a beautiful
spring day. These teachers
and their term papers!*

Our School Life From Being Busy

Which came first, the chicken or the egg? Agriculture students built this mechanical chicken to illustrate the developing process of an egg. Made for the annual Ag Fair, it really works!

Looks like an industrious group. They're learning the techniques of fine draftsmanship.

The Women Teachers' Room during a "free" period. You see, teachers work, too.

Early Spring Brought Out

"No one is to leave the cabin until we recover the body!"

"Mama! Happy Bastille Day!"

With Sad Hearts Now We Leave Thee

ALMA MATER

Here stands our high school tried and true,
Where hearts have been content.
And through the years our hearts will cling
To memories we've spent.
O, hail! O, hail! Dear Regional High,
A school like ours to cherish.
On solid rock she's standing still,
We know she'll never perish.

The tower stretching to the sky,
The babbling brook beside it,
We love thy halls, thy campus green,
How high they lift our spirit.
O, hail; O, hail! Dear Regional High,
We love and honor thee.
United voices sing thy praise.
With sad hearts now we leave thee.
